GENERAL NOTICE TO PUBLIC

ALBERTA HAS IT ALL

Last summer while on my vacation, I found Alberta referred to in the "Canadian Geographic" as the "Land of the Living." To those of us who have spent the entire of our lives here, that title seems like a hyperbole, but I wonder if the statement is not more accurate than we imagine. I, for one, don't have everything, but I have seen and heard none, Alberta is blessed with a high percentage of the good and important things of life. We have vast quantities of coal to generate the local economy to keep us warm over our coal-burned winter months, called violent winter months. We have oil in such quantity that the magnitude of the industry are leading a path to our doors. We have natural gas in such volume that we have to share it with the rest of the world. We have timber for building homes, most are made of local wood. We have a healthy and growing population. I can go on and on and still not do justice to the province we who live here. I know what we have without being told. You have much to be proud of, for not the least among which is our recognized sense of humor.

THERE'S A BIG DIFFERENCE IN TRUCKS

No other truck comes close to these
12 features you get in a **GMC**

Before you buy a new truck, study the chart above. It lists twelve important facts about the trucks offered by GMC and other makers in Canada. You'll find yourself drawing two main conclusions from it:

1. No matter what you want in a truck, GMC offers it... there's no need to look beyond GMC. For GMC and GMC alone offers every style, every capacity, every feature you can require.
2. You can't afford to buy any other make, if real truck value is what you're after! For time after time as you go through the list you'll find a feature you want—important to your profits or comfort or safety—that's offered by none of the other makers listed! No other maker offers

more than 2 of the 12 features that the GMC line, up to and including the three ton, gives you.

GMC's many plus values help to explain why a GMC will give you years longer service—with lower maintenance cost. It's a real truck—built by the world's largest exclusive maker of commercial vehicles.

Your GMC dealer will be glad to show you the ruggedly handsome new 1950 models—in a wide range of types and sizes to fill every need. Measured in years of extra service, a GMC is your most economical buy.

*...AND THAT'S HOW

we built the school

It's the biggest contract I ever went after, so I lost no time in getting over to my bank manager.

"George," I said, "I'll need some help to launch a job this size."

We went over the whole thing, discussed how much I would need. When I landed the contract he gave me a line of credit and I was able to go right ahead. Now the school's as good as built.

It is an everyday part of your local bank manager's job to provide short-term credit—so that payrolls can be met, material bought, goods produced and marketed.

NEEDS A FULL

...and it takes time to train a tank crew: each man must know his job thoroughly; he must be an alert, skilled member of a fighting team.

The Armoured Corps of the Canadian Army needs young men today... men ready to train for a man-sized place in one of its tank crews: tank drivers, gunner operators, vehicle mechanics.

Now is the time to report for training... make Canada strong by acting now!

PREPARE FOR 'SAFE' WINTER DRIVING

Motorists are urged to have the safety equipment

checked in their car and truck now before the weather

shifts into high gear for winter. Look to these mechanical features:

EQUALIZED BRAKES reduce chances of skids

when stopping on snow, ice and wet pavement.

TIRES with good treads are desirable, particularly

for good traction when you need it.

CHAINS should be checked and ready for use on

driving under snow and ice conditions.

LIGHTS — FRONT HEADLAMP — BRAKES

DEFROSTERS — WINDSHIELD WIPERS

should be checked and put in good shape for good

visibility and driving comfort.

Be Careful — the life you

save may be your own!

INTERPROVINCIAL PIPE LINE COMPANY

Will pay a reward to anyone reporting an oil leak in its crude oil pipe line.

Oil reached Sedgewick early in December and the pipe line now is in full operation.

During construction every precaution was taken to prevent any leakage of oil from the line. But accidents do occur.

Any one making signs of a leak along the pipe line route is asked to contact the Company immediately at its nearest station by telephone or telegraph. Contact messages regarding leaks will be accepted by the Company.

Following are station locations and telephone numbers:

HARDISTY IS 40 YEARS
TOWN ON JAN. 16TH

(By Our Own Reporter)

It was my pleasure last week to receive the original copy of the Proclamation, signed by G. H. V. Stuyvenberg, Governor of the Province of Alberta, wherein the Executive Council of the Government of Canada advised that the annual reports were read and business transacted. There was talk about a letter from Mrs. M. J. Stuyvenberg, President, re-

Yes, Buick days are here again! And this is your
invitation to see for yourself all the wonderful
improvements that have come to Buick since it
was available in Canada.

See the gay and sprightly Custom... which can
accurately be titled "The Newest Car in The

World"... new in structure, new in power, new
in dimensions, new in spirit.

See the lovely Roadmaster... exuberant with power
and action... with interior richness that sets new
standards of elegance in motor cars... luxurious
in every detail... spacious in every dimension!

Learn about all the magnificent engineering fea-
tures hidden under Buick's rich lacquer-styled...
Dynaflow, the completely automatic drive-drive
... Bashful Fireball Power from new, higher
compression, valve-in-head engines... the Push-
bar Frontend... rugged Torque-Tube Drive...
famous 4-wheel Lock Spooling... all-weather
comfort from Dual Ventilation... large, safe
Self-Energizing Brakes! So much is new, so
much is desirable... so much is thrilling!

Come in and see the 1951 Buick today!

IMPROVED DIESELUBE HEAVY DUTY MOTOR OIL for Tractors and Farm Equipment

Keep your tractor on the job with "Improved" Dieselube Heavy Duty Motor Oil. You get economical operation in two ways when you use "Improved" Dieselube. First, by reducing rate of wear and keeping engine parts clean, it cuts repair and replacement bills. Second, its high viscosity index means that it retains the proper body at all times, thereby giving low consumption.

Yes, you'll get year-round service from your tractor with the minimum of maintenance when you use "Improved" Dieselube Heavy Duty Motor Oil. On sale at the sign of the big B-A.

Killam Activities

Weather permitting, the St. George's and St. James side will hold their March 22nd from 3 to 4 p.m. in the City Hall.

There will be a dance on Easter Sunday, March 26th, at the St. George's Theatre. Guest music and the show of the St. George's Theatre will be the highlight of the night.

All Hospital Aids members are requested to meet in their fellow-fellowship hall, March 22nd, at Mrs. Brown's or Mrs. Smith's home.

Mr. Smith was home for a few days home was Doug Kinn.

Mr. Andy Kinn was a business trip to Lethbridge. He was there for a few days, but he had to leave his wife and children in the city by himself.

How (Hill) was returning on Sunday. He was home for a few days, but he had to leave his wife and children in the city by himself.

Several of the country students were returned in cars early in the week of the big 1961 March.

There will be a service of the Holy Right held in the Killam Presbyterian Church on Friday at 11 a.m. and also on Easter Sunday at 1:30 p.m.

Approximately fifty people attended the service (excepting) on Friday.

The boys and girls club met last Wednesday for the first time.

James were returned, followed by moving chairs, photography chairs, and painting. Furniture was Mr. Brown's, Mr. Chalmers and Mr. Smith.

Mr. Chalmers attended the Presbytery in Edmonton recently.

All the children in town were and enjoy to hear more drifts on Sunday. We were home for a few days, but he had to leave his wife and children in the city by himself.

The house lady (Lillian P.) was the new with the staff, Elmer Brown and his flying his performed the job in such a day.

Hardisty Happenings

A number of Hardisty and district men are up for honors this week, mostly those whose names were on the job of opening the road from 17th to 18th Avenue. About a dozen of them from the north district were out on the early morning with shovels, they the seriously impossible task of moving dirt of 17th Ave. First, they went out to the 17th Ave. where they were met by a Police car. They cleared the path for the moving traffic into the north district. The work was done in a very short time. The work was done in a very short time. The work was done in a very short time.

FARM IMPLEMENT PRICES Held at Low Percentage of Increase Offer Outstanding Value for the Money

The chart above clearly shows that in the post-war adjustments to higher costs of material and labour, an outstanding job has been done in maintaining a low percentage of increase on the retail prices of Massey-Harris implements made in Canada.

Raw materials are shown at 100.7% and wages of Massey-Harris Canadian plants 119.1% increase over 1941. Yet Massey-Harris prices of Canadian-made products were increased only 53% in the same period. This is a very moderate increase indeed when compared with the index of all commodities which is up to 83.0%.

Farm implement price indices increased only 53%, whereas there was an increase in the price of farm products of 82.3% and farm wage rates of 124.3%.

The great world demand for combines, tractors, and power machines has created a volume which permits high operating efficiency in relation to production and selling costs, making possible the partial absorption of the increased costs of materials and labour. Massey-Harris is reluctant to offer the utmost in up-to-the-minute design, quality of materials and workmanship, and price value.

Chart shows increases in October, 1960, over October, 1941, except those which show the increase to August 1960, over August, 1941.

Summerfallow Early

Crops are made mainly by rainfall. Summerfallow is essential. The earlier the summerfallow is commenced, the more water is conserved, hence the better the crop will be in 1962. So farmers are well advised to summerfallow early.

Don't

DON'T buy anything but the best; it is the cheapest in the long run. Nationally advertised Massey Harris is the best of guarantee and you can depend on them for satisfaction and service. Kymatic combines have been known and proven satisfactory for over 50 years, and we have a complete stock on hand at all times.

DON'T expect to do a good point job even with the best of point unless the point is properly mixed, we have an electric mixer that we use for stirring every can of point before it leaves our store. This service is free so DON'T be satisfied with points that you have to spend valuable time to prepare before you should use it.

DON'T expect to find a better selection of floor coverings anywhere along highway 13 than what we have in stock at the present time. Since 25 different patterns in Carpets, Fats and Linoleum now in stock.

DON'T grumble, if at the odd time we are out of stock in a certain line of goods. We have one of the largest stocks of Hardware in this part of Alberta, but due to some inclement weather, we sometimes find our stock being depleted before we can find new supplies.

DON'T waste your money out of town for goods you can buy at home. Give us a chance to get it for you, whatever you need, at the same price as you can get it out of town, and under the same conditions. Remember, your home-lawn merchants are helping to keep up your town by paying taxes, donating to the town, and you expect them to give their time freely to projects that you are too busy to bother with, so remember, give your home-lawn merchant a break.

DON'T wait to buy your Frigidaire Refrigerator or Stove, or your new washing machine until the new laws are added to the cost. We have a number of these in stock at the old prices.

BANNER FEEDS

Q's and A's On Hog Feeding

BETTER LIVERIES
SHOOTER FEEDING TIME
WHAT'S THE ANSWER?

The Addition of Swift's Hog Concentrate to Your Own Grain Ration is:

1. BETTER AVERAGE GRADES
2. A SAVING OF A MONTH TO SIX WEEKS FEEDING TIME
3. A SAVING OF UP TO 400 LBS. OF FEED PER HOG

Prove these statements by using on grain your own grain and mix them with SWIFT'S HOG CONCENTRATE into a balanced hog feed.

GRINDING — \$1.80 Per Ton

MIXING — \$1.00 Per Ton

Swift's Hog Concentrate is \$5.75 Per 100 Lbs.

Weg Grinner — \$5.00 Cwt. — 500 Bulk Ton

Hog Finisher — \$3.15 Cwt. — 500 Bulk Ton

The Sixth Column

By Raylene Barry

I am aware that many are going to
be having trouble with their
eyes. I imagine they will be,
but the trouble should be happy one.
I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are
having trouble with their eyes.

I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are
having trouble with their eyes.

I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are
having trouble with their eyes.

I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are
having trouble with their eyes.

I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are
having trouble with their eyes.

I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are
having trouble with their eyes.

I am sure that many of you are
having trouble with their eyes.
I am sure that many of you are

"What's new?"

AS HE PULLS UP at the end of his day's run, it's just his friendly way of saying "hello". But if there is some important development in town, he expects his friend the bank manager will know about it...

... plans for enlarging the school... the chance of a new factory opening up...

It's part of the bank man's job to know his community. His customers expect him to know "what's new" in other parts of Canada and elsewhere, too... business facts, leads to new markets at home and abroad for farm as well as factory.

You will find your bank manager well posted, and ready to serve you. Chartered banks work that way.

LIFE MEMBERSHIP
The W.M.S. of the Killam United Church held its first regular meeting following the holidays, on Sept. 27th, at the home of Miss H. Hunt. At this meeting the Forebears' Auxiliary was organized, with a large number in attendance. The meeting period was held by Mrs. J. Shannon, followed by the regular business.
Miss Hunt was assisted by short Christiana Jones.
Miss Hunt assisted by the president Mrs. Baker, then presented a Life Membership pin and certificate to Mrs. Shannon who has been a member of the Auxiliary for over thirty years, and who graciously replied to the presentation.
Miss Hunt gave a brief report of an excursion meeting held in Red Deer during the summer. The new study books, "From Lanes and North-east" and "From Lanes and North-east" were introduced to the members.
The women of the Killam United Church are planning a trip to the mountains in the near future. The trip will be held in the month of June, and will be a very enjoyable one. FOR THE C.N.I.B.
During this present month of October we will be asked to support the work of The Canadian National Institute for the Blind, as we are each year at this time. Its annual rural campaign is underway and the goal for Northern Alberta has been set at \$200,000.
Most of us know that The Canadian National Institute for the Blind is a national-wide organization which devotes itself exclusively to the task of helping those who are blind as well as those who are threatened with blindness. It is doubtful, however, whether many of us have a very intimate knowledge of how extensive its program is. It would seem opportune, therefore, for us to examine this program briefly so that we will know better what we are being asked to support.
In Northern Alberta the CNIB operates a splendid service centre which is located in Edmonton and which contains residence accommodation, rehabilitation and training of space, recreation and workshop facilities as well as administrative offices. This centre is manned by a carefully selected and specially-trained staff, some of whom are themselves blind, who are specifically concerned with the welfare of the five hundred sightless persons throughout Northern Alberta and with others who are in danger of losing their eyesight.
The fact that these facilities exist, manned by such personnel, is in itself gratifying. Most of us will agree that the welfare resources of our community would be incomplete without them. We can think and say this with conviction when we wonder, were it not for the CNIB, where we would turn for help and advice should blindness enter our own homes. The activities carried on, and in stemming from, the CNIB centre are many and varied, and they are available, without charge, to blind people of all ages, races, and creeds. Its welfare department establishes personal contact with them, becomes familiar with their needs and interprets the special services which they have been developed. They can learn to read Braille and then make use of the free lending library containing a wide range of good books. They can learn handicrafts and acquire an interest and occupation. They can be taught to use a cane and to travel on the streets alone. They can be placed in suitable employment and can become self-supporting again. Through recreation and sports they can find self-assurance and self-confidence. They can dance, bowl, play cards and other games. They can take responsibility in organizing their own activities and in finding solutions to their own problems. They can give as well as receive. They can be assets rather than liabilities to their districts.

Don't Get Caught

This year have your house fixed up with the proper HEATING STOVES for the long winter months ahead, and get away from the old drudge of tending fires. Install a COLEMAN Oil-Burning Floor Furnace.

We have a stove to suit every size of home, and the cost of these Stoves is so low that you just cannot afford to be without one, considering the convenience and economy of operation.

If you like PROPANE, we can supply you with anything in this line as well. From Straight Propane Stoves, Combination Coal and Propane, Propane Radiators, Hot Water Heater, Refrigerators, Lights, to one and only PROPANE REFRIGERATOR (serv.). Guaranteed, for ten years. Bring your empty Propane Cylinders to us to exchange them for full ones.

Personal Stuff
THIS SECTION CAN STILL GROW WEALTHY. This part of Alberta is still capable of producing some of the best crops in the west, was forcefully brought home to me last week when I "rude" a combine once over an eighty-acre field on the W. A. Hart farm south from Sedgewick. This field was running out 60 bushels of nice clean wheat every thirteen minutes, which, worked out by calculation, translated into a fine line of combine etc. to just around 50 bushels an acre. It was one of the nicest, heaviest and cleanest crops I have seen in a long time, and it was a real pleasure to watch the golden kernels pouring into the hopper. Farmer by Frank Cameron and owned by James Hart, the entire farm was producing between average crops in all fields with runs of them running below 40 bushels. The particular field I watch combined had been sown to Thatcher wheat. The field was worked several times last year with a one-way, plowed, fertilized and this spring pushed into the drill. Moisture condition this year, of course, were almost ideal, if I think that good farming method played an important role too. It does prove that this area can produce real crops. If conditions and workmanship are right.

As a matter of record, the above crop was swathed in a rather green stage, and picked up by Jimmy Hallam.

FARMING THE GOVERNMENT
While away on my "wild" goose hunt recently I was talking to a farmer who informed me that a large number of farmers in his area are not farming their land, but are rather farming the government. Here's how it works, according to my informant: In the spring these farmers go through their own land, stubbing in a crop at the rate of about a half bushel per acre. Not expecting a crop, they then sit back and await the F. A. representative.

A BIT OF OLD ENGLAND
With an election close at hand in England, we see much about that country in the news these days. Up to now the odds have favored the Conservatives to regain control of the government. If they do, there will be valid reasons for the result. Following is a letter received from England recently which undoubtedly indicates the feelings of the small man. The letter reads in part:

"Your parcel just arrived. Thanks very much. Carter Patersons (transfers) have taken a week or ten days to deliver them after we'd received notification. Our wonderful British Road Services take two to three months to get a parcel here from London. They're slow, but so does everything they handle. Arthur ordered a trailer for his tractor. They lost it and it took them over six weeks to find it by which time the tractor was finished. Under road Services no private firm can carry goods more than 30 miles and then only under license. A furniture dealer here was stopped while delivering goods he sold. There was a court case because the goods having been sold, were no longer his so it was illegal for him to deliver them. Did you ever hear of such tripe? He got off though because the customer had not paid in full for the goods. So now he has to ask his customers not to pay for the goods until after delivery. Yet when B. S. delivers furniture it is seldom in one piece. I have a stack of correspondence concerning your parcel-labels and forms every week. No wonder we have a paper shortage. There is a shortage of eggs here and every day we have people around asking us to name our own price for a few. But we dare not, as some of these people are bound to be government 'snipers'. Thousands are employed in this country. Talk about a free country. I still like farming though, and there is a bright side - an election is coming up."

Notice!
The Council of the Municipal District of Flagstaff No. 62 is giving serious consideration to the removal of the entire House of Schenck, built by Medical and Hospital, as from January 1st, 1932. This is due to the uncompromising opposition that has been encountered from the two doctors who have withdrawn from the scheme. The Council would appreciate hearing from the residents as to their wishes in this very important matter, and are prepared, if necessary, to call meetings throughout the Municipal District to discuss the situation.

W. A. HART'S BIRTHDAY
W. A. Hart, 1014 1st St. N.E., was born on October 17th, 1887. He is now 44 years of age. He is a native of Scotland and came to Canada in 1907. He is now a resident of Strome. He is a member of the Strome Branch of the C.N.I.B. He is a very successful farmer and has a large estate. He is a very kind and generous man and is always ready to help those in need.

ACQUAINTANCE
A meeting was held at the home of Mrs. J. H. Hart, 1014 1st St. N.E., on Wednesday evening, October 14th, 1931. The meeting was held to discuss the removal of the House of Schenck, built by Medical and Hospital, as from January 1st, 1932. The meeting was attended by a large number of residents of the area and was very successful.

Thro' the Window at Loughheed

Mr. and Mrs. Glen Smith and Mrs. Helen Smith spent a day at the Loughheed home last week. Mrs. Smith and children are visiting with her parents, Mr. and Mrs. J. H. Smith, in the city. Mrs. Smith left for Edmonton last week for her usual winter job at the Loughheed home. Mr. and Mrs. J. H. Smith, who are old friends, thank Mrs. Loughheed for her hospitality and for the Christmas gifts. Mrs. Loughheed is a very kind and generous woman and is always ready to help anyone in need. She is a very good mother and a very good wife. She is a very good friend and a very good neighbor. She is a very good person and a very good woman. She is a very good mother and a very good wife. She is a very good friend and a very good neighbor. She is a very good person and a very good woman.

A PRAYER for Christmas

As the curtain begins to draw across the old year, we pray that the spirit of Christmas be hope in the hearts of men not only this one day... but every day. For with Christmas in our hearts nothing in life could ever quench the joy or dim the light of our peace.

Mr. and Mrs. Art McCracken have
taken up residence in their lovely home
in the latter months.

The United W. A. held their meet-
ing at the Mason last Thursday.

Art Fain, Ray Swenson, and Leona
Hartman have been in Calgary where
they attended the AFU convention.

From Friday to night, of more speci-
fically from noon to 10 p.m., there's
what we had all at a week's time.

Miss Helen Hamilton was in the
Hardisty hospital. We wish her a
very speedy recovery.

Also a patient in the Hardisty hos-
pital is Mrs. Carly Bombough. We
also wish her the best.

Constance (Mrs.) Mr. and Mrs. Ed
Stanton, Mrs. R. H. Smith, Mrs. Betty Swenson,
Mr. Hans Oshack returned last week
from a trip to the West Coast. What
a time to come back here, Mr.

Mr. and Mrs. Andy Bruden from
Watermark spent last Friday and
Saturday here. Nice to see you.

Mr. C. H. Mackay was gone to high in
the night at the Legion Party Tuesday
evening. Mrs. Betty Bell was the main
event for the house. High in the night
went to Mrs. C. H. Mackay and H. A. Smith.

Miss Helen Hamilton, of Edmonton
has spent the week end at home.

The United Church Choir Service
on Sunday evening was much enjoyed.
Four young girls and two boys partici-
pated in the confirmation service and
became members of the church. All the
Communion Service, some 80 mem-
bers partook of the Sacrament. The
choir rendered appropriate songs, and
the address was "The Baptismal In-
terrogation." There was also the annual
Wake-Up Service.

Mr. Jim Biddle, High Service and
Wm. Waters spent Sunday in town.

On Wed. evening, Dec. 23rd, con-
firmation service for 30 candidates
was held in the Kilian Anglican
Church. Archbishop Sharkey of Ed-
monton conducted the service, ably as-
sisted by Rev. Foster. In his address,
the Archbishop told about the temple
in Jerusalem, and the general service
over there. After the service everyone
returned to the Grey Hall where the
Kilian W. A. served a delicious buffet
dinner.

A program followed.

Mr. and Mrs. Charlie Jackson were
in the city over the week end.

Bernie, to Mr. and Mrs. E. F. Steel-
man (nee Helen McCracken) at the
Crest Hospital, on Dec. 24th, a son,
Gary Ernest, wt. 6 pounds.

Mr. and Mrs. I. MacLean of Cal-
gary, and Ron MacLean of Edmonton
are home to enjoy Christmas.

The United Sunday School and con-
gregational Christmas party was held
Wed. night in the Memorial hall. In-
stead of the children exchanging gifts
this year, each one donated \$10 to buy
a radio for the Children's Hospital.

It is something real in a world gone
almost entirely materialistic.

The next W. L. meeting will be on
Wed., January 14th.

The W. L. Girls Club held their
Christmas party on Friday evening.

We extend our congratulations to
Mr. and Mrs. William Hutton, who on
Sat. December 19th, celebrated the
sixth anniversary of their married life.

Greetings

The year 1951 has been good to all of us despite somewhat adverse weather conditions during the harvest season. Let us be thankful, however, for health, strength, friends and peaceful living conditions, as well as material benefits of life.

It is our hope that the year 1952 will bring to Hardisty and District, prosperity, progress and universal well-being.

We extend to you and yours, best wishes for a Happy and Prosperous New Year.

Hardisty Happenings

Christmas was celebrated in the town of Hardisty. The Christmas Eve party was held at the home of Mrs. J. H. Hobbins. The party was a success and all enjoyed it very much. "What's new?"

As we pull up at the end of his day's run, it's just his friendly way of saying "hello". But if there is some important development in town, he expects his friend the bank manager will know about it... plans for enlarging the school... the chance of a new factory opening up...

It's part of the bank man's job to know his community. His customers expect him to know "what's new" in other parts of Canada and elsewhere, too... business facts, leads to new markets at home and abroad for firms as well as factory.

You will find your bank manager well posted, and ready to serve you. Chattered banks work that way.

Germination of Seed Grain

Bad weather conditions have affected the germination of grain in many areas. All farmers, therefore, should secure a mold for themselves, a germination test on the grain they intend to use for seed.

For the nearest Supply Agent for a booklet which tells how to make germination tests of grain.

WATCH GERMINATION

As further steps are made in the study of the germination of seeds, it is found that the process is a complex one. It involves the interaction of many factors, including temperature, moisture, and light. The study of germination is a fascinating field of research.

Thro' the Window at Lougheed

Some children are in the habit of looking out of the window at the Lougheed Hotel and seeing the faces of the guests. They are not allowed to do so, but some of them are very clever and manage to get a look at the faces of the guests.

GREATEST SHOW ON EARTH

The greatest show on earth just now is the industrial production of the Western nations.

Canada has a big role in the show. And Canada's primary textile industry, with the largest manufacturing employment, the largest payroll, and with factories well diversified throughout the smaller communities, is a star player in the Canadian show.

His own branch...

He's got a lot behind him... and a lot still ahead, now he becomes manager of his first branch.

Years of work and study and growing responsibility have prepared him. He saw a lot of Canada as he moved to different branches. He got to know the people in farming, suburban and industrial communities, and how they use the bank.

Now he takes over from the man who moves up... and the road to the top is open for both of them.

Call upon the manager of your chartered bank. You will find him experienced, understanding, eager to serve you.

PARLIAMENT BUILDING STILL STANDS

Yes, in spite of the dire predictions of a minority of editors, the parliament buildings at Ottawa still stand firm. They were built to last, and they have stood for many years ago. Mr. Vincent Massey has opened Canada's new parliament with as much dignity, as much solemnity, and as much pride as any of his predecessors, and the business of parliament is proceeding the same as usual.

"The fact that Canada, for the first time, has a Canadian-born Governor-General, and one who for the first time bears only the simple title 'Minister', has brought no repercussions whatever, except to establish the fact that Canada is becoming more and more capable of ruling her own destiny. I like both the important features of the appointment. I have always felt that Canada has citizens of her own capability, and I like a man who has never did so for the business of bestowing titles. Mr. Massey would appeal to me as a man even I could meet on the street and talk to, simply because he is Minister Massey, and not a Sir or a Viscount. It is to be hoped that England will not see fit to confer a title on Minister Massey."

WHEN IS A FLAG AT HALF MAST?
The death of King George VI brought sorrow and regret to a large part of the world, and as a part of the expression of this sorrow, thousands of flags were flown at half mast. A traditional symbol of bereavement. Now we have an historian who tells us that when we fly a flag at half mast, it is really not at half mast at all, according to the original conception of the flag. According to the historian, in ancient times when the idea was first instituted, a black or mourning flag (of equal size) was flown at the top of the mast, with the British flag immediately below. Since the mourning flag is no longer used, the British flag now should be flown one flag with from the mast top. How true this fact may be I don't know, but it will probably stir up a lot of controversy and record searching.

CAN MUNICIPALITIES SURVIVE?
Back in the days when Canada was young and provinces were being formed, history informs us that certain obligations and duties were assumed by the federal government, while certain others were relegated to provinces. In the operation of this system it was found that provinces could not carry out their obligations with the revenue they were allowed to collect, and so changes were made. As time went on, provinces in turn gave local municipal governments certain responsibilities, with power to collect revenue to meet expenses thereof. Now again, as time goes on we find that municipal districts are not able to meet our obligations with funds available. In other words they are being burdened with added obligations. Let us suppose or let us assume that in revenue, that revenue is supplied by land taxation, and right there the saturation point has almost been reached. If the provincial government adds responsibilities to it, it is not only adding more financial aid, or else assume these responsibilities.

(Here in England) municipalities have an arm which is financially sound, when compared to other in Alberta. While Playfair has taken control of many quarters sections of land for various reasons, the percentage is no higher than in most others. The backlog of unpaid taxes, while being steadily whittled down, amounts to huge proportions in the ordinary man's conception of dollars, but current tax collections in Playfair are high in comparison to others. All this sounds a thought we are in a favorable position, but such may not necessarily be the case. There are hundreds of untaxed acres of grain in the district, and what 1962 tax collections will be remains to be seen. It is the intention of the Killam School Division to requisition for a probable additional \$25,000 this year, which will mean at least a six mill increase in taxation, unless some other solution is found by way of provincial assistance.

"... saved me days,
perhaps weeks, of work"

After returning from his first trip to
the West, a business man wrote his bank:

"I arrived having no idea where to start
in making the connections I required.

The thought occurred to me that perhaps
the bank, which has been very helpful
to me on numerous occasions, would
give me some guidance. Mr. W.

gave me in of tremendous help. He
introduced me to the people I should
have met and saved me days, perhaps
weeks, of work."

Every chartered bank works this way.
Whether you walk into your neighbor-
hood branch or one a thousand miles
away, you will find the same full range
of banking service—and the same
readiness to help.

FORD CARS BEST FOR RE-SALE VALUE

Consumer Report, an Independent U.S. Magazine

Designed to Give Accurate Information on all

consumer goods from Apples to Automobiles.

For the first time, FORD has the highest resale value

of any U.S. Car. The public acceptance has made a

sharp improvement from last year, when Ford

traded Chevrolet and Oldsmobile.

According to the same report, Mercury's Resale

value in U.S.A. has risen sharply too, and now

ranks fifth, having displaced Plymouth, Buick and

Cadillac.

Leaking Roofs Spoil Grain

In storing grain on the farm, it is essential that the roof be in good condition. If it is not, the grain will be spoiled. There have been many reports of grain being spoiled by leaking roofs. This is a serious problem for farmers. They must take steps to prevent this from happening. One way is to have the roof inspected regularly. Another way is to use a good quality roofing material. Sedgewick Motors can help you with this. We have a variety of roofing materials and services. Contact us today.

Mr. and

The Sedgewick Constituency LIBERAL ASSOCIATION

Solicits your support in electing their candidate

James R. Hallum

Young and progressive farmer, who is pledged to uphold the principles of responsible government, i.e. the supreme command of the people over Parliament and the Legislature, the members of which they elect; and the responsibility of government to the people through their elected representatives:

and who says:

"It would be difficult indeed to justify the present government's failure to provide a satisfactory program of RURAL ELECTRIFICATION; this is equally true of its failure to provide a NATURAL GAS distribution system for the benefit of towns and villages of this area.

"History proves that no country has ever become great or strong, or achieved a high standard of development by selling off its raw materials to foreign interests. The responsibility of government is to govern, and see to it that the resources of the country are put into the hands of its own citizens."

The Alberta Liberal Party's Statement of Policy

A BETTER DEAL FOR YOU, Local Ratepayers

Your Liberal Government will pay—50 P.C. of the over-all cost of your children's education; 80 P.C. of the cost of welfare services for us all; Double the present grants for your district roads.

Will Provide—Interest-free loans for schools & hospitals in your community; All municipal borrowings from the provincial treasury. And will restore and maintain LOCAL independence in all affairs. THIS WILL CUT YOUR TAX BILL.

RURAL ELECTRIFICATION—

Your Liberal Government will bring power to the farmer's door, at a price he can afford to pay, and do it now.

AGRICULTURE—

Your Liberal Government will: Restore to agriculture the prominence it deserves in the function of government; Provide legislation to help farmers create and control their own marketing agencies.

HIGHWAYS—

Bring to an end Social Credit policies which have wasted millions of dollars on highway building. Build safe, all-season, all-weather roads. Build highways that will stay built.

HOSPITALIZATION—

Make it possible for Alberta communities to build hospitals where they are needed.

Provide hospitalization under a plan that will prevent illness or accidents from becoming a financial disaster to any Alberta citizen.

NATURAL RESOURCES—

Provide adequate research facilities to develop additional uses for coal. — Use Alberta's natural resources for the benefit of ALBERTANS, not just the government. — Give preference to Canadian citizens in leasing oil, gas and mineral rights from the government of Alberta. — Pay a royalty of 2.5 Percent to the surface owner on all crown leases.

Force performance on all oil and gas leases and cancel on default.

Put a stop to the Social Credit policy which keeps the price of gasoline and tractor fuel high.

Act immediately to bring the benefits of cheap power and gas to all Alberta citizens.

Consider the EXPORT of gas ONLY after it is fully satisfied that ALBERTANS have been fully protected as to price, supply and economic advantage — and the people have APPROVED this action by PLEBISCITE.

Put a stop to the continued policy of neglect of our forests and streams, including fish and game, and substitute for it a policy of conservation, designed to perpetuate our resources.

NOT UNTIL these policies are enforced will all Albertans share in the prosperity of our natural resources, which is our heritage.

EDUCATION—

Your Liberal Government will: Again emphasize the teaching of reading, writing and arithmetic.

Establish educational facilities to prepare our young men and women to fill the important positions in industry which will be created by our policy of development of our natural resources for the benefit of Albertans.

AUTOMOBILE INSURANCE—

The Liberal Party recognizes the need for a more satisfactory arrangement for car and truck insurance.

NOW, forget about parties, forget about politics; Read these policies over again, and see if they don't make sense to you.

Yes, Sir... I'm for the Alberta Wheat Pool

- Because Alberta Pool Elevators give effective service and protection to all.
- Because Alberta Pool Elevators are operating at cost and excess earnings are returned to member patrons. Over the years the Pool has received over \$5 million in cash and nearly \$6 million in reserves.
- Because Alberta Wheat Pool and Pool Elevators are owned by many thousands of Alberta farmers who have invested close to \$8.5 million in this great enterprise. Pool members can safeguard their investment by delivering all their grain to Pool Elevators. A large volume of deliveries means low cost of operation.
- Because the Wheat Pools are mainly responsible in keeping down the cost of handling grain. Such costs are remarkably low, probably the lowest in the world. This is a tribute to the effectiveness of farmer co-operation.
- Because the business operations of the Alberta Wheat Pool are an "open book." Pool members may obtain the fullest information concerning the operations of their organization through their elected delegates and directors.
- Because the co-operative principle of "each for all and all for each" is the co-operative ideal which aims at spreading economic justice throughout the nation and throughout the world.
- Because it is of vital importance to Alberta grain producers that a strong co-operative elevator system should flourish in this province. It is essential that such an elevator system should be in the control of Alberta grain producers—the men who are actually following the occupation of farming.
- Because Alberta Wheat Pool is the only organization in Alberta which meets these requirements.

GUARDIANS OF PEACE.

The Infantry Mortar Crew...

In attack and defence, the Mortar Crew adds to the effectiveness of Infantry. Accurate, concentrated firepower is vital to successful operation in the field. It calls for cool, highly trained men to operate the heavy complex weapons of the Infantry. Canada's tough, independent Infantrymen are the most fighting soldiers in the world. As heroes and warriors, these young men stand in the front lines of Canada's freedom.

There are outstanding career opportunities for young men in the Canadian Army Active Force. They are career opportunities with challenges of adventure, the excitement of travel in the most important job in Canada today—defence.

You are eligible for service in the Canadian Army Active Force if you are 17 to 20 years of age, Canadian or ex, physically fit and ready to serve actively.

Killam Activities

Congratulations go to Graduate
Bourne who celebrated her birth-
day on July 28th. A number of
friends and relatives gathered to wish
her congratulations.

If you happened to notice a number
of the grade 12 students looking quite
happy last Thursday, you will be glad
they received their marks, and it
equally were well pleased.

Lilly Kelly and family are visiting
at the Paul Hill home.

Junior was one of those little terrors, and papa was surprised when mamma told him that they buy him a bicycle. "Do you think it will improve his behavior?" Papa asked.

"No," replied mamma gently, "but it will spread his meanness over a wider area."

Obituary

Robert Byron Kirkman
Passed away for the late Robert
Byron Kirkman of Killam, Alberta,
on August 20th, at the age of 41
years, after a long illness. He was
born in Killam, Alberta, on August
10th, 1912. He was a member of the
Killam Branch of the C.P.R. and
was employed by the C.P.R. for
many years. He was a very kind
and generous man, and was
widely known and loved by all
who knew him. He is survived by
his wife, Mrs. Robert Kirkman,
and two children, Robert and
Margaret. He is buried in the
Killam Cemetery.

Obituary

Mr. and Mrs. George Crummett
were married on September 10th, 1953.
The ceremony was held at the
Killam Branch of the C.P.R. and
was officiated by the Rev. Mr. J. H.
McDonald. The bride was Miss
Margaret Crummett, daughter of
Mr. and Mrs. J. H. McDonald, and
the groom was Mr. George Crummett,
son of Mr. and Mrs. J. H. McDonald.
The ceremony was a very simple
one, and was attended by a large
number of friends and relatives.

Mr. & Mrs. Newman and their children
of Sedgwick have been visiting with
relatives in the district.

Among those visiting in Edmonton
last week were Mr. and Mrs. John
F. Smith and Mr. & Mrs. L. G. Green.
Friends gathered at the home of
Mrs. Smith on Friday afternoon for
a luncheon in their honor.

Mr. Clark James, who is employed
at the University, was home Friday.

We notice "Mama" Hopper back on
the "Sedgwick" after her absence for
some time. "Mama" has many other
duties than being a mother.

The Anglican W. A. sponsored a
Thank You and offering of the 20th, was
a beautiful afternoon. Held our boy
choir, "Mama" Hopper, and other
singers from the Sunday school.

Word received by H. Richardson
from the University, that the first
year class will be held at the first
year class. When I was a kid I took
some real education.

ARRIVING AT TEACHERS' HALL SCHEDULES

Last week, in my capacity as a rataplayer and member
of a local school board, I attended a meeting between
the board of trustees of Killam and the representative
of the teachers' union. The meeting was held at the
board of trustees. The meeting was called by Mr. Maday of
the A.T.A. The meeting was called by Mr. Maday of
the Board of Industrial Relations for Alberta, who was acting
as mediator in an attempt to settle the salary schedule for
teachers for the current year.

This "battling of salaries" has been raging since some
time back in January, and since some agreement has been
reached on portions of the schedule, an overall agreement
was as far away as the next meeting as it was before.
The only thing that came out of the meeting was the de-
sire that neither party was going to lodge an appeal
and so the argument will now move along to an Arbitra-
tion Board in Edmonton, with each side putting up their
best man to argue for them. The board will hand down a
"award" which need not necessarily be accepted by either
side. If it is not accepted then the teachers have only two
courses left to turn, reconsider and accept or call for
a strike vote.

The school board has offered a basic salary of \$1800.00,
with nine increments of \$100 and three of \$50. There are
other extra payments for degrees, specialist teachers, prin-
cipals, etc. These are of little concern, as in the main
they are acceptable to both sides. The fly in the ointment
lies in the increments, and here only \$100 in the cause of
dispute. In glancing over salary schedules for various
parts of Alberta, I find that Killam Division ranks well up
on the list, with a schedule as good as most and better than
many. I find that it is better than nearly all other divisions
in the north.

Mr. Maday, in attempting to strike an agreement, offered
a recommendation just about midway on the difference
between the two parties, and in calling for a vote of the
trustees, found his proposal largely rejected, and, as stated
earlier, then turned proceedings to arbitration leave.

Assuming that the "award" will be rejected, and I have
every reason to believe it will be, it will be interesting to
see what happens. One side will be going to have to
go to ground. I think the teachers' union is too smart to
go to strike; in fact I think they are too smart to even call
a strike vote. I can see why - maybe they're not that
smart. Could be a strike may not necessarily mean there's
no work to do and put a stop to amounts of money. It may
result in a provincial-wide paucity of teachers, or at least regu-
lation that schedules must be agreed upon by a de-
termine date. Yes, and with automatically leaving the union decision.

In the meantime, teachers were to be paid on last year's
schedule. The board has no other alternative. Teachers are
not going to use it because they will be drawing less. But,
that might speed things up. A man may fight for more,
but give him less and you're really got trouble.

FIRE PREVENTION WEEK

This year's slogan for Fire Prevention Week, Oct. 7-13,
is "Defend Canada From Fire." By proclamation, the em-
phasis is placed not only on curbing up premiums out of
careful inspections of all buildings to discover and remove
conditions likely to produce and spread fire. Stoves and
furnaces should get special attention to see that they are
safely installed and in good repair. No one can afford to
disregard the strength of heat and spread fire. Never com-
pletely cover a bed of red coals with fresh coal, as poisonous
and highly explosive gas may be formed. Never use any
type of flammable liquid to start or quicken a fire.

It takes a special kind of slapslap guy to be a good
fireman. He runs fifty bucks worth of clothing, catches
pneumonia and suffers the torture of the damned, for
which he gets nothing or at best a few begrudging bucks
from the village, plus a lot of free advice. One day he put
out a fire in half the time. Save him all this by being care-
ful. Take no chances on starting or spreading a fire.

Watch your children playing with matches - and above
all, do not smoke in bed.

"DUCK" KINZER ELECTED PRESIDENT OF KILLAM AND DISTRICT BOARD OF TRADE

Guest Speaker Hon. David Ure Warns Farmers that "Malaria" the Soil Will Spoil Eminent Result

Following an appetizing banquet served by the South Killam Service Club, the Killam Board of Trade members, a annual meeting, elected "Duck" Kinzer as president for the ensuing year. Mr. Kinzer is also a past president of the Board.

President Saunders welcomed those present, and after calling on Mayor Lackey and Edward Fee for short addresses, introduced the principal speaker of the evening, the Hon. David Ure, Minister of Agriculture for Alberta.

Mr. Ure, an energetic and forceful speaker, emphasized the importance of the soil in the production of food and fiber. He warned that the soil was being depleted by over-fertilization and that the use of chemical fertilizers was doing more harm than good. He urged farmers to use natural resources and to conserve the soil.

Mr. Ure also spoke of the importance of the soil in the production of food and fiber. He warned that the soil was being depleted by over-fertilization and that the use of chemical fertilizers was doing more harm than good. He urged farmers to use natural resources and to conserve the soil.

drive the all-new '53 **DODGE**

When you drive a 1953 Dodge, you have the promise of the smoothest, softest, most stable ride you have ever experienced in a car in the lower-priced field.

Here's how this new ride has been engineered.

It's a sturdier ride because of a wider frame, a lower center of gravity, and the new positioning of the wider rear springs.

It's a more level ride, the result of a synchronized springing and scientific weight distribution.

It's a softer ride because of the new principle Offroad shock absorbers, and new, wider springs which absorb most of the small road shocks.

Be one of the first to experience this thrilling new ride. Arrange today with your Dodge-Desoto dealer for a demonstration.

Organized For SAVINGS Not For Profit

Will I hear people grumbling about the high prices, but few of them will say that they are demanding that we have to pay for Gums as we do when eggs are bought in a sack, food in bags. People now all apparently wrapped food, all fruit all colored, red label meat, vacuum packed canned goods. It's all still about just how many pay the extra. You are paying for the right for what you're demanding they grow!

AFFECTION—Affection is a greater enemy to the face than the small-pox.

AFFECTION—There is in life no blessing like affection: It soothes, it hallows, elevates, soothes, and brings down to earth its native heaven. Life has nought else that may satisfy his place.

the long, low and lively

'53 DODGE

new beauty

finer performance

new 3-way smoother ride

In style and beauty, you'll find that the '53 Dodge is new and finer in 75 ways. It has that long, wide, low look that draws admiration. Gracious, sweeping fenders and the trimmer, lower rear deck lend a touch of continental styling. There's a new type of one-piece curved windshield and an all-new wrap-around rear window which gives you better vision. You'll like the simple, new instrument panel with its central glove compartment for easy access. The beautiful new interior and rich new colors add a further note of elegance to the most beautiful Dodge cars ever produced in the new price field.

When you take the wheel of this stylish, more compact Dodge, you'll quickly discover that, in performance, too, Dodge is new and finer. You'll find that this new Dodge handles with astonishing lightness and ease—clings surely to curves—takes without effort. On the highway, you'll experience finer performance and easier acceleration at higher speeds—result of the new higher gear ratio. And with Overdrive (available at extra cost) your highway driving becomes even smoother and more economical. Arrange now to get behind the wheel and get the new Dodge through its paces.

When you drive a new Dodge, you'll find a 3-way smoother ride... a stiffer... more level... softer. You'll agree it's the most comfortable ride you've ever experienced in any car at a comparable price. It's a smoother ride because of a wider frame, a lower center of gravity, and the new positioning of the wider rear springs. It's a more level ride, the result of synchronized springing and scientific weight distribution. It's a stiffer ride because of "Orville" shock absorbers and wider, stiffer springs.

Be among the first to experience this driving new ride. Phone your local Dodge-Delco dealer for a demonstration.

And it came to pass,
as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.
And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.
And when they had seen it, they made known abroad the saying which was told them concerning this child.
And all they that heard it wondered at those things which were told them by the shepherds.

LIFE, CHAPTER 2, VERSES 13-18
The shepherds were told that the child was born in Bethlehem, and they went to see it. They found Mary and Joseph, and the babe lying in a manger. They made known abroad the saying which was told them concerning this child. All they that heard it wondered at those things which were told them by the shepherds.

NEIL CHISUM

Noted conductor, composer, arranger and pianist, Neil Chisum is again busy with plans for one of his most colorful and important for the CBC. He will be at home with his family, celebrating with his B.C. A.P. days, or in the concert hall with his orchestra, the versatile music-director, or in the company of "Song of the Sea", which was broadcast on a CBC Wednesday Night. His "Voice of the Army" show can be heard from CBC Dominion network.

We wish you all the good cheer and pleasure that Christmas Day can bring.

And may the New Year bring to you a full measure of prosperity and happiness.

...the greatest yet!

And, there's thrilling performance in Mercury's V-8 engine—best in Mercury history. You can see it in the smooth and beautiful in the wide choice of new colors and upholstery materials. I can't describe it. Mercury is a pleasure to drive and handle. Step into the showroom. Spend some time with us and Mercury. Take a Road Test. Then you'll realize, "Mercury... is the greatest yet!"

THE 1953 PONTIAC brings Canadians a completely new line of automobiles with 50 body styles in 12 different colors. Styling inside and out, new ideas, improved riding qualities, greater vision and safety are among the highlights. Available are eight and six cylinder engines, the latter with a substantially increased power. Options such as Powerbrake or Hydro-Matic automatic transmission are available on the series. Power steering and the Automatic Eye, an automatic headlight dimmer, are also available. Shown here is the Custom Coupelet.

CHEVROLET FOR 1953 has been expanded to include three series of cars — Bel Air, "Two-Ten" and "One-Fifty". Available are 16 completely redesigned body types, including three four-door sedans, three two-door sedans, three station wagons, two sport coupes, two club coupes, two convertibles and a business coupe. Many new exterior colors, new and luxurious interior finishes and a new engine are among the highlights. Available are eight and six cylinder engines, the latter with a substantially increased power. Options such as Powerbrake or Hydro-Matic automatic transmission are available on the series. Power steering and the Automatic Eye, an automatic headlight dimmer, are also available. Shown here is the Bel Air four-door sedan.

Attention Passenger Car Operators

Please note that your application for 1953 car license will not be accepted unless you can produce proof that your car has been "Inspected and Approved" within the past 12 months. Your current Approval Certificate number must be inserted on your 1953 application for registration.

If your car has been inspected and approved and the certificate of approval has been lost, you may obtain a free duplicate by writing this office giving the license number of the car.

Motorists who have not yet had their cars inspected and approved are urged to do so NOW to avoid last minute rush and embarrassment.

A Statement by
CANADA'S FIRST
BANK...

To those who want to get ahead

It's good to go into debt... to yourself

It's the streamlined way to make financial progress. Some of our most successful customers use this system. It's the very heart of Personal Planning — the B of M's method of family-financing which Canadians from coast to coast are finding practical and stimulating.

It means putting yourself on your own payroll... making up your mind that you yourself have a claim on your income just as much as the landlord, the broker and the tax-collector.

You'll do this, of course, because you have a definite objective — a strong reason for saving. It may be a general goal like family security... or it may be something specific like a new refrigerator, a house, or even a place in the country.

You can go into debt to yourself in two ways — by saving and by borrowing.

Saving comes first, of course... so much a pay-day saving to yourself.

A bank balance gives you personal confidence in a few other things. It gives you a good foundation for your financial plan... and it makes it easier for your B of M manager to lend you money when you want to realize an objective sooner than you otherwise could.

When you have a sound financial program, but need money for some useful purpose, borrowing at the B of M is just as sound as systematic saving. Indeed, it is another form of saving. And it is the B of M's business to lend you money when it's good business for you to borrow.

A B of M Personal Loan simply enables you to enjoy money the things you plan for... and you pay it off in regular payments just as you have built up your savings balance.

Why not make up your mind to get what you want this streamlined way — and open your special-purpose savings account at "MY BANK" tomorrow. And while you're in the bank, have a chat with the Manager or Accountant. You will find them ready and interested to discuss your plans and problems.

New driving thrills await you,

in the 1933
DODGE

smoother, livelier, easier to handle

DODGE CORNET HAS WORLD'S
 MOST MODERN V-8 ENGINE

Truly a new driving thrill, get behind the wheel of this new Dodge. You'll realize that only a brand new growth in automotive design could have advanced such amazing riding and driving with so much ease and comfort. Dodge engineers have cleverly redesigned the suspension to make the famous Dodge ride even smoother and livelier. The result is a car which has the most... handling safety... and takes the curves in stride. And it takes you forward a further performance by reducing the weight. Don't miss the new Dodge for it. Come to today and meet the new Dodge for yourself. You'll be amazed.

'53 MERCURY TRUCKS

'DRIVER-ENGINEERED'

GREATEST LINE OF MERCURY TRUCKS EVER BUILT!
8 great series... 17 wheelbases... 5 V-8 engines... over 100
completely new models from 4000 to 22000 lbs. G.W.V.

NEW 'DRIVER-ENGINEERED' CABS

For 1953, Mercury Trucks introduce "built-around-the-driver" Cabs—Custom and Standard. Everything here is new and everything new is here... to make the driver's job easier and safer.

Earlier new "Driver-engineered" Cab interiors feature new windows—new front-end—new side-ventilation—new door—new floor—new wheelbase—new power ranges—new and safety with the new—built-around-the-driver—"Driver-engineered" Cabs. Yes, '53 Mercury Trucks have more of everything—more safety—more power—more speed—more transmission—more "built-around-the-driver" Cabs. Yes, '53 Mercury Trucks have more of everything—more safety—more power—more speed—more transmission—more "built-around-the-driver" Cabs.

**5 GREAT ENGINES
V-8 definitely!**

Mercury Trucks offer FIVE "power-engineered" V-8 engines ranging from 100 Hp. to 180 Hp. ... each teamed with proven "Lendomatic" economy.

Completely new "Driver-engineered" Mercury Trucks are truck-engineered—built built to meet the hauling needs of expanding Canada.

KILL WIREWORMS
Control SEED-BORNE DISEASES

with **'MERCAMMA' C**

A PROVEN seed treatment application prevents seed-borne diseases. It kills wireworms, beet beetles, and other seed-borne pests. It is the only seed treatment that kills wireworms in the soil.

COMPARISON TEST RESULTS:
'ABOL' for protection against wireworms. 'AGROX' C for protection against seed-borne diseases.

MORE FARMERS USE ESSO FARM TANKS

It's not only a convenience but a necessity for the farmer. The Esso farm tank is a portable, self-contained unit that can be moved from place to place. It is built of heavy steel and is completely rust-proof. It is also equipped with a pump and hose, so that you can draw fuel directly from the tank. This means no more trips to the gas station. It's a real time-saver and a money-saver. For more information, contact your local Esso dealer.

Killam Activities

Mr. and Mrs. Robert Hart and the
family have moved into the Lawrence
on Abbott from the summer.
Don Kester and Lou Palmer are
driving new standard cars, and Mr.
Kester has a new Chevrolet.
It was noticed in the Killam Ex-
aminer when great work was done at
the Killam school. We are
wondering if they didn't see the local
first grade and bridge at work 10 to
15 minutes after Pentecost's.

Mr. Tom Mann and family have
opened the work with her folks, Mr. &
Mrs. W. Mann. Mr. Mann
came for them on Sunday.
On Thursday the grounds leveling
and basement digging began for the
new United Church in town. The old
one will be torn down.

Mrs. Joe Johnson has from Van-
couver to visit with Mr. & Mrs.
Norman. Nick was visiting at the
Edison Hotel home.

Quite a number of friends gathered
at the L. Erickson home for a fare
well party for Gordon Barker Friday
evening. Gordon left Sunday for the
Lodge district to work.

Mr. Bill Grant came back home on
Saturday after his holiday with Mr.
and Mrs. Bill Grant.

Last Sunday little 8-year-old Ar-
lene Wicks had the misfortune of
falling out of her father's car while
traveling on the pavement beyond
Deerpark. She is in the hospital, but
luckily has no broken bones.

The Tennis Club held their first
meeting on Wednesday evening in
the P.M. Hall, with 12 present. The
election of officers resulted as follows:
—President, Doug Thompson. Vice-
President, Phil MacLachlan. Sec-
retary, Rita Spiller. It was decided to
start during the month of May.

Mr. and Mrs. Carl Thorne of Ed-
monton spent a few days visiting in
the Village and district.

It may be of interest to know that
Bill Gamble who is working with the
d. s. on his way to Spain.

SEEDTIME HARVEST

For the first time in the history of the world, a man has been able to produce a crop of wheat from a single seed. This is the result of the work of the Canadian Wheat Board, which has been working for many years to improve the quality of our wheat. The result is a crop that is not only better in quality, but also more resistant to disease and insect pests. This is a great achievement, and it is one that we are proud to share with you. The Canadian Wheat Board is now offering a special discount on all of its products. This is a great opportunity for you to get the best quality wheat at a special price. So, if you are a farmer or a merchant, you should take advantage of this offer. It is a chance to get the best quality wheat at a special price. The Anglican Church of W. A. is
sponsoring a World Drive to be held
on Thursday, May 18 commencing at
8:00 p.m.

Mrs. Walter Brown and Donna
and a collection last week.

We are indeed sorry to report the
death of Mrs. J. H. Smith, who
died at her home in Sedgewick, May
16, 1961, at the age of 84.

Mrs. J. H. Smith, late of Sedgewick,
was born in the United States and
came to Canada with her husband
in 1910. She was a member of the
Methodist Episcopal Church.

Funeral services will be held at
10:30 a.m. on Friday, May 19, at the
Methodist Episcopal Church, Sedgewick.
Interment will be in the Sedgewick
Cemetery.

Mrs. J. H. Smith was survived by
her husband, J. H. Smith, and two
daughters, Mrs. J. H. Smith and
Mrs. J. H. Smith.

Meteor preference at an all-time high!

more people than ever
want Meteor V-8 smoothness...
most powerful engine in the low price field!

V8 of course!

You're seeing more new Meteors on the roads than days ago. The reason are exciting. Take power. In the low price field, Meteor Customline and Customline Sedan offer the most with the 130 H.P. "V-8" V-8 engine, acclaimed for its fast, for easy-going, comfort, Meteor's "Wonder Ride" is a V-8. Meteor Drive. Here's the simplest and greatest of all automatic drives. Look further into Meteor's extra values, and you'll discover Meteor is the only car in the low price field offering two V-8's by the world's expert builder of V-8 engines. Choose either Meteor Customline Drive, or thrifty Thrust-O-Matic Overdrive (both optional at extra cost), or Meteor Custom Standard Transmission in your new Meteor!

Loughhead News

Mr. Don Albright is visiting at the L. Loughhead for a few days.

Mr. and Mrs. Rodney have arrived from Victoria to spend a week at the home of the L. Loughhead. They are looking at the new house.

Mr. H. Burton spent a few days in the city and the L. Loughhead was called on.

Mr. and Mrs. Ben Johnson of Edmonton spent Sunday at the L. Loughhead. Also, Mr. and Mrs. Johnson were called on by the L. Loughhead.

Mr. Don Vagti and Mrs. Barbara Hamilton arrived at the L. Loughhead on Sunday night to spend Mr. Vagti's day at the L. Loughhead.

Mr. and Mrs. Don Johnson have returned to the city and are looking at the L. Loughhead for a few days.

What a day for a birthday. May 13, with a new man visiting. But we will have something to tell you when John Brinkley reached the L. Loughhead. Also, Mrs. Thomas called on her birthday. Complete to you both. May you have many more.

The Loughhead Wildlife went into action today for their first game. Andy told me they had 3 birds. They got moved out or from out. We are hoping for some also were and many smaller, and had game.

The W. M. Ewart at the home of Mrs. John Brinkley with Mrs. Ewart. Good morning.

LOUGHHEAD YOUNG PEOPLE

The Loughhead Young People held their first meeting at the L. Loughhead with 14 present. Officers were elected as follows: Leader, Mr. V. Whitworth; President, Mr. V. Whitworth; Vice, Mr. V. Whitworth; Secretary, Mr. V. Whitworth; Treasurer, Mr. V. Whitworth; and Mr. V. Whitworth.

Games were played and enjoyed by all, and a song sung. Mr. Whitworth pointed out the program for the year and also laid the devotion for meeting. Next meeting at home of John and Josephine Brinkley on May 13th. A notice will be given.

Loughheed News

The Mayor of Loughheed is a very busy man. A few days ago he was seen starting his lawn off to work for the summer. Surely that's a very busy man. The Mayor was heading through the streets last Wednesday, only to be seen by the Minister of Public Works.

The Young People's Club from several towns have gone to Loughheed for the long week end, only to be seen by Mr. Wainwright.

A contest of Loughheed has been started. Chapter at Lethbridge last Wed.

With the knowledge that Highway 10 will be widened and in some cases the route changed, there will be fencing to be done. We suggest that you make your job permanent and use Split Cedar for the line fences and good, stout round Cedars for the corners. By doing this you will be ahead in the years to come as maintenance costs will be greatly reduced. BE A LEADER WITH CEDAR.

EDMONTON SCHOOLBOY BAND TO ATTEND THE HARDISTY STAMPEDE

June 12 and 13 have been set for this year's Stampede at Hardisty, now rated the 12th best on the North American Continent. This year's big event will feature a curious lot of tough Brahms bulls from King River land in Washington, which were used at the Calgary Stampede last year. To subside these animals there will be a lot of top riders. The Edmonton School Boys Band will lead the opening parade and render a concert both evenings. They will w. Colby cowboy regalia.

The fireworks display will be bigger and better than last year. Bobby Bell, will be present with a trick mule and also a truck bell. It will also act as bull fighter in the contests. The big midway will feature the Gayland Show.

High School Graduates

All over the Province this month young people are "graduating" from our high schools, prepared academically at least, to enter into some part of the material side of living. Hereafter they have had somebody to think for them, or at least to help them in their own thinking. Now, they must think for themselves. They must, to a great extent, iron out their own problems, and face the workaday world standing on their own feet. This they are prepared to do, for they were their fathers and mothers. Education today, in some respects, follows a much different trend than it did twenty years ago. Students today know a good deal more about what's going on around them. They are capable socially. There is only one thing they may lack as they start their careers, and so, if I have any advice to offer them it would be this: "Don't seek the easy way out. Give just a little bit more to your employer than is expected of you. Show him that you are not a way to achievement, but believe it or not, there is no end of satisfaction in gaining something the hard way. Don't be easily discouraged. Remember, the higher your goal, the more you will be disappointed. The higher your goal, the more you will be disappointed. The higher your goal, the more you will be disappointed."

Remember, the higher your goal, the more you will be disappointed. The higher your goal, the more you will be disappointed. The higher your goal, the more you will be disappointed.

How much does a wildcat cost?

A "wildcat" is a well drilled in an area where oil has never been found. Drilling costs are very high, but the average wildcat in western Canada runs to more than \$100,000. One well cost \$1,000,000—and found no oil!

Oil is making an increasingly important contribution to our standard of living. How many of these questions about it can you answer?

How many wildcats would find a acre of field—
1 to 20? 1 to 25?
How many acres of land would be taken by 100%? During the time that this price you pay for gasoline goes up by—
40%? 50%? 100%?
A lot of oil has been discovered in the west since 1946. In that time have Canada's oil reserves increased—
4 times? 25 times? 100 times?
Here in Alberta, who owns all the great government? (Federal and other industries) all companies? (other business corporations)
Canada's growing oil industry means orders for many businesses, jobs for many Canadians. How your Imperial's purchasing department handles equipment and supplies from Canadian firms increasing to—
\$2 million? \$14 million? \$20 million?

MASSEY-HARRIS MACHINES

NOW TESTED
FOR STRENGTH

Electronically

Using scientific apparatus for stress analysis, research engineers put Massey-Harris machines over the Massey-Harris full-scale test track, specially designed and built for studying and proving the design and construction of modern power farming equipment.

This electronic equipment records the inside story of strains and stresses set up in frame members and working parts in

operation—much information is most helpful in the development and production of new machines and improvements.

In design and construction, Massey-Harris machines offer the latest developments in modern engineering and research, bringing advantages that enable work to be done easier, quicker, and at less cost.

Killam Activities

Receptions and Lighting Plans at the Killam Shows.

The district's very deepest sympathy is extended to Mr. and Mrs. Carl Weir who received word Friday that their son Earl was electrocuted while working at South County.

Mr. and Mrs. Bill Bennett and Pat Bennett, mother of Ted Bennett, attended the 11th graduation in Killam on Friday evening. The ceremony was enjoyed after dinner along on Highway 12.

A capacity crowd enjoyed the program in the arena at Convention Day, along with the parade in the afternoon and the lovely fireworks display following the program. The Killam ball team also showed up that day at the United Sports, with the girls taking first and the senior basketball team taking second against Fortuon, who were placed by 1 score at the end of the fourth inning when the game was called for darkness.

Mr. and Mrs. Lenderville of Rocky Mountain House spent the week end with Mr. and Mrs. George Bennett.

The last service in the new United Church building will be held at 10 o'clock on Sunday June 14th. All members and friends of the congregation will please keep this date.

Mr. and Mrs. Pete Kiser of Spokane, Wash. are visiting here.

Among guests in town for the 12-13th-14th wedding were: Mr. and Mrs. Scott, Tedford, Gertie and Mrs. Benoit, Johnson of Mandeville, Mr. and Mrs. Roy Erickson and Clarence from Edmonton, Joyce Bennett of Banff, Mrs. Erickson of Camrose; Mr. and Mrs. Jack Walker of Invermay; Mr. and Mrs. G. Kanderer and Gordon, sister of John.

Mr. Marston of Girdleau was the guest speaker at the United Church on Sunday last.

Miss Kathleen Rhinow arrived for a visit at the Whitehorse school on Sunday last.

Mr. and Mrs. Dick Kiser and Mr. and Mrs. J. P. Kiser moved to Altonville, Wis. to visit the latter's daughter Sister Perlebach.

Kathleen English is back home again after working in Depelard.

THE Wheat Pool STORY

At only a few shipping points local Pool Elevators have been "plugged" (the word is in quotes) by the Government. The Government has been asked to deliver grain to their own facilities. In some instances Pool Elevators have asked the question, "Why?"

It is not to be remembered, however, that there are also Pool Elevators who are not "plugged" (the word is in quotes) by the Government. The Government has been asked to deliver grain to their own facilities. In some instances Pool Elevators have asked the question, "Why?"

FOR YOUNG MEN OF 16

Trades Training for an Army Career Under the Soldier Apprentice Plan

The Canadian Army Soldier Apprentice Plan offers a unique career opportunity for young men of 16 who want a good future. They receive training in a trade or profession while serving in the Canadian Army.

- Trades training under a part insurance plan in one of 16 skilled trades.
- Academic training in physics, chemistry, algebra, English, etc.
- Military training as a Canadian Soldier.

Soldier Apprentices follow a balanced programme of trade, academic and military training. They receive a steady salary and a full pension plan. It's a healthy, balanced career of training that prepares Soldier Apprentices for their careers.

Soldier Apprentices are eligible for all Army benefits, pensions and the 30 days annual leave. They receive half pay while in boot camp.

NO OTHER CAR

HAS CLIMBED SO FAST

IN PUBLIC FAVOR

In its spectacular young life Pontiac has won a leading place in public favor more quickly than any other car... reaching an amazing peak of popularity. That's because Pontiac has always produced cars of the kind of fine car comfort, luxury and beauty at a consistently modest price.

Some of the reasons for Pontiac's spectacular climb in public favor and popularity are shown right on this page. And you'll discover many, many others when you inspect and drive a '68 Pontiac for yourself. No other car in the price range is bristling with features like Pontiac for all "round value, dependability and advanced features. Truly, dollar for dollar and feature for feature you can't beat Pontiac! Visit your Pontiac dealer now... see and drive a Pontiac!

DRAMATIC NEW DUAL-TRAC SYSTEM
Insures Pontiac over most slippery roads, no matter how slick.

WAYTE.

ON ELECTION DAY

Is it your practice to vote

for the **MAN** or the **PARTY**

AND THE POLICIES HE STANDS FOR AS

A CANDIDATE?

F. "CHIT" Saville

In Battle River-Camrose Constituency:

THE MAN

is Mr. F. C. Saville

Cliff Saville was raised on the prairies, and has farmed in the Hardisty district for thirty years or more, and with his long experience as a farmer and rancher and breeder of stock he knows the problems of the farmer and stock man. He has taken part in many conferences at Ottawa on behalf of agriculture and his counsel has been met and acted upon favorably. His interests are your interests.

THE PARTY...

is the Liberal Party of Prime Minister Louis St. Laurent, the Party which introduced such Beneficial Measures as-

Old Age Pensions - Family Allowances - Unemployment Insurance - The
Wheat Board and Floor Prices - Prairie Farm Assistance - Veterans'
Benefits unequalled in any other country.

On Monday, August 10.. Therefore

If you wish to vote for **THE MAN** - you could not find a better man than **F. CLIFFORD SAVILLE**. If you wish to show approval of the **POLICIES** and **PLATFORM** of Mr. Louis St. Laurent, you can do so by voting for **F. C. SAVILLE** - You Win, both ways!

VOTE FOR SAVILLE, F. CLIFFORD

Mr. and Mrs. Reginald McKinnon & their young fry
at Turner Valley upon the week
end of the 10th inst. The
natives and friends here.

Mrs. Ruth McKinnon has dis-
posed of her house in Loughheed to
Mr. J. W. Wainman, before
going to Edmonton where he will
be teaching school at Jasper Place.

Mr. J. W. Wainman, an Edmon-
ton man, has been exchanged
for a new one. The two Van Es
are going to the grand-children
on the lake to take a vacation.

We are glad to see Miss Mur-
phy home after a short stay in the
hospital. She is feeling better, her
diet, and glad it was not worse.

The Gordon children of Strine are
coming to the school.

Miss Ruby Neve of Edmonton spent
last week end with her parents Mr. &
Mrs. W. M. Neve.

The Neave's D'Yer last week
will attended and the weather
ideal for such an occasion. Hence
the school was six regular and
one extra. The school was held
at the close of school on the
night when many parents re-
turned to the school to see their
and net their party. A display
article made during the school-
hours at the close of the school.

Mr. and Mrs. W. C. Road, RCA-
F Rose Jaw, and Nurse Margo visit-
ed their parents Mr. and Mrs. Cloyd
Lawrence last week end. Bill and Lill

GOVERNMENT OF THE PROVINCE OF ALBERTA

Announces the FARM Award

For 1953 to the following:

Howard Hymas Family Ernest Hehl Family
Resident St. Paul
Frank Jackson Family L. R. Lohr Family
Keg River Eskham
Emil Kvarnberg Family
Balfour

The Master Farm Family Award is recognised by an award of \$1000.00, an engraved plaque and a name plate for the farm entrance. The purpose of the Master Farm program is to find and honour those who have achieved notable progress in farming, home-making and citizenship, and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by the Master Farm Family Program.

Hon. David Lee, Minister
O. S. Longman, Deputy Minister

WOULD YOU BELIEVE IT?

THE AVERAGE PERSON TURNS IN SLEEP EVERY THIRTEEN MINUTES

Mr. and Mrs. L. Mouton of Montreal, who have been married for 25 years, have been told that they are turning in sleep every thirteen minutes. They are not alone. It is a fact that the average person turns in sleep every thirteen minutes. This is a fact that is not generally known. It is a fact that is not generally known. It is a fact that is not generally known.

YOUR HOUSE OF VARIOUS SERVICE

Lougheed News

Louise Gray, son of Mr. and Mrs. Norman Gray of Lougheed, celebrated her birthday Oct. 7, but her sister, Marion, who is now in the hospital, was unable to join her.

Among the guests were her grandparents, Mr. and Mrs. J. H. Gray, and her mother and father.

Compliments were sent to her by many of her friends.

Miss Gray is spending her time in Lougheed with relatives.

Prudy, married to the late J. H. Gray, died on Oct. 7, 1953, at her home, 1015 1st St. N. W. She was 84 years of age.

Prudy was born in the town of Prudy, and was the daughter of Mr. and Mrs. J. H. Gray.

She was married to J. H. Gray on Oct. 1, 1910, and they had three children: Louise, Marion, and Prudy.

Prudy was a devoted wife and mother, and was well known in the community.

Funeral services will be held on Oct. 10, at 2:30 p.m., at the home of Mr. and Mrs. J. H. Gray.

Hardisty Happenings

There will be a public meeting in the Legion Hall on Tuesday evening, November 10th at 7 P.M. when Mr. E. C. Conant of St. John Ambulance will be present and speak on "First Aid." Mr. Conant will also show pictures. Everybody welcome.

Teachers of Hardisty school spent a very enjoyable and profitable time in the city of Vancouver on a Teachers' Conference. Those attending were: Miss Peterson, Miss A.R. Bell, Mrs. Jean Deville, Mrs. Margaret Harper, Mr. V. Hendrick and the principal, Mr. E. McRae.

About 70 neighbors and friends gathered at the home of Mr. and Mrs. C. Dwyer on Friday Oct. 10th, to honor one of their daughter and son-in-law, Miss Rita Cook of Vancouver, to give them a shower. The husband of our lovely daughter was escorted by Mr. Dwyer, followed by several of the young girls, with a wonderful gift. The bride and groom were escorted by their friends. Mrs. Jean Deville, Mrs. Margaret Harper, Mr. V. Hendrick and the principal, Mr. E. McRae.

Don't BE CARELESS

It is well known from statistics that the major cause of fire is carelessness. If every Canadian exercised more care, fire losses would diminish and millions of dollars would be saved to any nothing of the lives and injuries suffered by countless persons every year.

Pick any one of these DODGE beauties

1954 MAYFAIR

...for the newest in colourful styling...and luxurious driving ease

add Hy-Drive

With Dodge Hy-Drive you just shift into high — and go! You can drive all day without shirg... maneuver through traffic... stop for red lights... glide off gently with a smooth, silent surge of power. You won't forget about gearshift and clutch. There's nothing new to learn — if you wish to back up, or need extra power when driving through snow or mud — just shift in the familiar way.

add Full-Power Steering

For the most effortless parking and steering you will find in any car — try Dodge Full Power Steering. From the moment you start your engine, hydraulic power takes over 4 lbs. of the steering effort. You can't imagine how easy it is to park — to drive through traffic — to turn corners — to control your car on bumpy, rutted roads. You can have the wheel with one finger — even when your Dodge is standing still.

No matter which 1954 Dodge you select, you'll be thrilled and surprised at how much more your dollars have bought. In the Crusader series you'll enjoy the longer, more beautiful styling which distinguishes all 1954 Dodge cars, with smart new interiors and seating comfort, safety and fine vision you expect of a Dodge — all at a price that will please you. The beautiful Mayfair series brings you styling, fine appointments and comfort hitherto only available in more costly cars — with, of course, all the many Dodge engineering features which mean so much in driving ease and performance. In the brilliant new Mayfair series you'll see such style, and experience such luxury, you'll wonder how any car in the lower-priced field could offer so much. Their interior two-tone beauty of rich, woven fabrics and soft, ivory, leather-grained vinyl, with every appointment designed for your comfort and driving ease, are seldom surpassed by any car at any price. There's performance to match this new Dodge style and beauty, no matter which series you select. There's a more powerful engine... the famous Dodge "three-way-mustache" ride... your choice of Hy-Drive, the simplest form of self-shifting driving... and Dodge Full-Power Steering for the ultimate in luxurious driving ease. When one of these beauties is your Dodge you'll drive it with pride. See and drive one to-day at your Dodge-DeSoto dealer's.

There's a car in the 1954 family that's right for your family.

Regular meeting of St. George's W. A. was held at home of Mrs. Hest on 17th inst. Arrangements were made for the winter, and committees were appointed. Next meeting at home of Mrs. Hest.

Have you noticed how stiff mechanical engines were at Friday and Saturday? These modern engines don't get stiff until they are old.

Have you noticed a new idea in mechanical engineering around the country? The idea of having a driver in Mrs. Hest's car.

In the case I received from Mr. Hest of Edmonton, they say that they will be home soon.

Mr. Andrew Thompson and Mr. Hest of Edmonton were at Friday and Saturday at the Hest home.

Rev. Hest of Edmonton will speak at the United Church service at Killam next Sunday morning.

Regular meeting of St. George's W. A. was held at home of Mrs. Hest on 17th inst. Arrangements were made for the winter, and committees were appointed. Next meeting at home of Mrs. Hest.

Have you noticed how stiff mechanical engines were at Friday and Saturday? These modern engines don't get stiff until they are old.

Have you noticed a new idea in mechanical engineering around the country? The idea of having a driver in Mrs. Hest's car.

In the case I received from Mr. Hest of Edmonton, they say that they will be home soon.

Mr. Andrew Thompson and Mr. Hest of Edmonton were at Friday and Saturday at the Hest home.

The Society were gathered at the Killam home Sunday before they moved back to Toronto. But they were not there to stay.

Special Services

Rev. J. M. Cooke, of Innisfail, will be the speaker during 10-day revival meetings held in the NAZARENE CHURCH, Loughheed, commencing on SUNDAY, NOVEMBER 22ND.

Mr. Cooke was born and reared in a Presbyter's home, was converted at an early age and has been preaching since he was 17. He attended Ansenby College, Ottawa, and since then has done considerable evangelistic work both in Eastern and in Western Canada. His messages will be a blessing and inspiration to all who will attend. Times and dates of services are as follows:

SUNDAY, NOV. 22 — FRIDAY, NOV. 4
MONDAY THROUGH FRIDAY AT 8 P. M.
SUNDAYS AT 11:00 A.M. and 8:00 P. M.

You Are Welcome — Come and bring a Friend

PRAYER *for*
Christmas

*As the curtains begin to draw across
the old year, we pray that the spirit of Christmas
be kept in the hearts of men not only this
but every day. For with Christmas in our hearts
we can quench the joy or dim the light of our years.*

Compliments to Mr and Mrs C. Jorgensen on the birth of a daughter. Mr and Mrs John Rowe and Orval have received their first son. There have been quite a few Phyllis around town lately. Mr. Art Mackintosh, who went to Victoria as a result of his father's death, is back home again. We extend our sincere sympathy. All of the year and holidays have returned to their various homes. Mr. Elmer Krensch went to Beverly, where he has employment. The Bob Buser's and Herman Pore have been Cannon visitors on Sat. Mr and Mrs J. B. Johnson and Mrs. Pore were in Waterbury on Sunday. Bob Johnson and C. P. Hays took in a C-O-Y convention Thu & Fri. Mr. C. Hays was a patient in the Dayland Hospital. The Hamiltons are home from the Coast, as are the McMillans. W. Oren has the misfortune of breaking his foot on Xmas Day. Try the Kitchen Sinks for Sale at Johnson's of 33 St. Phil Unkleson spent Sunday visiting at David's.

Here is some this week as your reporter has been all the past week and is now writing around with a an extended rest.

The grade view we have taking, "mostly" "over" these days, in that is hospital, and we hope he will soon be out. We miss you driving through the yard twice a day.

We saw Mrs. Elizabeth coming back over the city the other night. He said he had to get back as he was to be coming that night.

We thought at first we on the west of it, but got around it, and it is never, but don't let us find you. When we call on it, the house is the most and by a long way.

New '54 Meteor

Come, See it... ON DISPLAY FRIDAY!

See the new 1954 METEOR! See how it looks!

Powered ahead V-8 125 hp.

Most powerful V-8 engine in the low price field!

Styled ahead-Meteor Rideham

An entirely new series of top-styled beauties for '54

Heading up this year's wider choice of models in three great lines, the entirely new Meteor Rideham line introduces four high-fashion models by the industry's top designers — styled with such superb new beauty — with striking interior elegance expressed in distinctive two-tone colour combinations... powered ahead with a new 125 Hp. V-8 engine, built for Meteor by the world leader in V-8 experience — and offering supremely smooth performance, instantly responsive power and pleasing thrust. Rideham models feature Meteor-Cruise Power Steering, custom radio, heater, turn indicators, and other "extras" for complete pride of ownership.

For easier braking, and a full measure of driving safety, '54 Meteor offers new Power Brakes... Meteor-Cruise Drive for liquid-smooth "no-shift" driving, or gas-saving Touch-Shift-Overdrive, all optional at extra cost. These options are also available in the adventuresome new Meteor Niagara models with 125 Hp. V-8. You're invited to experience the amazing smoothness of Meteor's new "Wonder Ride" — to see, and to drive the new '54 Meteor before you decide on any new car!

Miss Jean Caruthers has resigned as her position at the Bank of Montreal and has gone to Edmonton to attend Alberta College. Her place in the bank is being filled by Miss J. J. Caruthers.

Ladies evening meeting was held on Thursday night at last week, when arrangements were made for the dinner for the current season.

Mr. James Miller spent a few days vacation at Seagewick.

Miss Mary Miller arrived from the west from Toronto, where she attended the golden jubilee of the 17th St. and C. St. While there Miss Miller was addressed by Henry Ford II, and took in a hockey game held at Maple Leaf Gardens. Expenses paid for her.

PHONE 27 — Edmonton, Alberta

The two friends, prospectors, had each spent 10 lonely months in the open spaces, and now as they drew up their horses at the store, they greeted one another with a nod. Supplies bought, they sat outside, in silence, gazing into the distance. Finally, an animal appeared on the horizon — Cow, said Bill; Steer, said Joe. Bill rose slowly, and saddled his horse. Where you goin'? said Joe. Reckon I'll take the trail, said Bill "too much arguing around here to suit me."

A BARE ONE

A cowpuncher ordered a steak at a restaurant.
The waiter brought it in raw—very rare. The cow
puncher looked at it and demanded that it be taken
out and cooked."The cook," snapped the waiter.
"Said the cowpuncher: 'Cooked. Why I have seen
critters hurt worse than that and get well.'"Herb

FERTILIZE**

Every bushel of grain that you deliver to the
Elevator contains Phosphate that has been taken
from your soil by growing crops. Over a period of
years the growing of crops has reduced the supply
available. Phosphate in our soils. This element
is essential for a sturdy root system, high
yields of good quality grain and early maturity.

The application of a fertilizer high in Phosphate
with the seed of cereal crops is the most practical
way of replacing this much needed plant food. In-
crease your yields and your profits by fertilizing
your crops with Elephant Brand high analysis fer-
tilizer. Order NOW so that we can arrange to have
the fertilizer you require in time for seeding.

KILLAM FARM EQUIPMENT

BE DOLLAR WISE... FERTILIZER

Those farmers who invest from \$2.00 to \$2.75 per
acre for Elephant Brand Fertilizer to apply with
the seed of their cereal crops know that their crops
yield from 6 to 18 bushels more per acre and ripen
earlier because they are fertilized.

The money they invest in fertilizer therefore
grows and yields them a profit of from 100 to 400
percent. We know of no investment that a farmer
can make that will yield equal returns.

Let us tell you more about the other advantages
that can be yours from the use of fertilizer.

Place your order NOW so that we can have the
fertilizer you need in time for sowing.

IT MUST BE SPRING

By Grace Schilling

With snow still on the ground and the sun shining brightly, it is time to get out the spring clothes. The weather is just what we need to get us out of our winter coats.

It is a joy to see the children running and playing in the sun. They are so happy and full of life. It is a joy to see the flowers starting to bloom. They are so beautiful and colorful.

It is a joy to see the birds singing and chirping. They are so happy and full of life. It is a joy to see the sun shining brightly. It is a joy to see the world coming back to life.

house for son Carlin and looking after the daughter until Mrs. Carlin comes home with a new baby sister.

I guess he is spoiled for this life, after spending the winter in the city.

Our old friend John Drown found some couple wrecks back on the farm (though) and fit out for the bright lights again.

With a terrible little grin he says, "I'm not so late as you think." I wonder.

While he waits his mind is quite a little better than it was when he was in U.S.A. and he's struts a different lot better and spruce to a married daughter here (and she is not new), and, using daughter's name, he says, "I'm not so late as you think." I wonder, what an identity crisis.

specially made for every moving part on every piece of equipment on your farm!

New Esso Multipurpose Grease is formulated to coat metal surfaces with a tacky layer of grease that stays

put. It strings out to seal bearings from the damaging action of water and dirt. Whether it's a heavily loaded high-speed bearing or a spring shackle, Bone Multipurpose Grease keeps everything protected.

CHOOSE THE ONE	1. Grease grease, saves time, saves bother.
	2. Grease better off-road applications.
	3. Forces dirt collar to keep out dirt.
